Governor King in his letter to Thomas sums up well, denies nothing, and talks to the Governor like a dutch uncle—plainly and pointed-ly. We published the correspondence

Mr. Calhoun, as far back as 1837, proclaimed a great truth when he said Emancipation itself would not satisfy these fanaties; that gained, the next step would be to raise the negro to a social and political equality with the whites, and that being effected, we should find the present of the two races reversed. It contained a large lot of hay, corn and oats, together with five valuable horses and a wagon; all of which was destroyed. Mr. Ireland estimates his loss at over \$2,000. Mr. Ireland suspects three men who came to his house Thursday evening pretending to want to stay all night, and on being refused went off cursing. Mr. George W. Baker, tobacconist of this city, has sent us a specimen of his tobacco which carried off the premium at the Richmond Fair, for which we are indebted. The tobacco is of the purest natural leaf, the croof 1865, and he color and flavor is just as good ia our judgment, as any tobaccoever put up, here or elsewhere. We are glad to know that Mr. Baker is prepared to supply the demands for all grades of be-t chewing tobacco. and that the house is meeting with a goodly encouragement. We believe that the ray leaf out of which this tobacco, was manufac tured, cost \$1 per pound.
